

PIEDMONT CENTRAL MODEL RAILROAD CLUB

The Piedmont Central is the oldest club in the Charlotte area. For many years it had limited membership due to meeting space capacity. As a result the "Charlotte Second Section" club was formed, but that organization has now been re-assimilated into the Piedmont Central. The original meeting about forming the Carolina Southern Division of the NMRA was held at a Piedmont Central meeting. Round Robin refers to the fact that the members always meet at a different place each month.

Bob Carter is the keeper of the membership list. He sends out monthly notices to the membership with directions and meeting date/times. The dues of \$5 per year cover the mailing costs.
